SUMMARY

Business knowledgeable, fully four lingual, (English, German, Portuguese and Spanish), IT Manager with 10 years of experience managing IT operations at the strategic and tactical level. My objective has always been to enhance the value of IT as a business enablement function by bringing the simplest and most cost effective application of technology to any business challenge requiring an IT solution. n Leader with Strong Management Skills - Broad experience in technology assessment and deployment, capital and operational budgeting, contract negotiations, leasing contract specification and administration, software license negotiation and administration, strategic IT planning and implementation, IT project management, personnel administration and development, and cost accounting. Able to effectively create a technological IT pathway aligned with business strategy, communicate it to managers at all levels and successfully incorporate it into business processes and systems in a cost effective manner. n Technology Skills - Thoroughly familiar with state-of-the-art ERP solutions in operation, (SAP); client-server architectures based on Microsoft technology, SQL databases, wide area networks, local area networks, storage area networks, telecommunication services, computer operations, security systems and policies, software quality assurance, Windows operating systems. Over 18 years of IT experience and 13 years of ERP experience (SAP/BAAN).

Several full lifecycles, worldwide experience, such as South Africa, UK, Germany, Spain, Portugal, Netherland, Switzerland, Austria, Russia, USA, Brazil, Caribbean, Asia, Middle East, etc.

Specialities:

Program & Project Management, People Management, Change Management, Risk Management, Scope Management, Budget Control, Feasibility Studies, Business Process Analysis & Re-engineering, SAP implementations, international roll-outs and upgrades, Global templates, local blueprints, ASAP methodology, Global Chart of Accounts, legal requirements, FI-GL, FI-AP, FI-AR, Banking, Cash management, FI-AA (Depreciation Local and IFRS), CO-OM, CO-PA, CO-PC, CO-PCC. IFRS/USGAAP/HGB/Local GAAP's, ECC 6.0 incl. New GL and Solution Manager.

SD, MM and PS advanced skills. ABAP skills, Report Writer / Painter, smartforms. User-exits (Functional specifications).

Legal and Local Requirements Europe, South America and Brazil (Nota Fiscais and Nota Fiscais Eletronicas, TAXBRA & TAXBRJ, IN86, SPED, CoA, etc), Country Payrolls, etc...
